THE CONNECTICUT UROLOGY SOCIETY
October 29, 2015

ANNUAL EDUCATION PROGRAM
& SCIENTIFIC PROGRAM

Faculty:
Gopal Badlani, MD
Jared Bieniek, MD
Steven A. Kaplan, MD
Kevin H. Loughlin, MD

The Aqua Turf Club
556 Mulberry St. Plantsville, Connecticut
Mission Statement

The mission statement of the Connecticut Urology Society is to serve, represent and advance the science and the ethical practice of Urology in the State of Connecticut.

The Society promotes excellence in patient care and education in Urology through the sponsorship of semi-annual meetings.

The Connecticut Urology Society is dedicated to providing communication and fellowship to the members of the Urologic Community in Connecticut through these meetings, providing updates on clinical care, scientific research, and patient advocacy.
LIST OF EXHIBITORS

FORTHCOMING

REGISTER BY VISITING

www.cturologysociety.org
7:45 **Registration** - Breakfast with Industry Friends

8:05 **Opening Remarks** - Art Tarantino, MD, President

8:15 **Impact of Obesity in Urology**  
- Steven A. Kaplan, MD  
Objectives: 1. To recognize the role of obesity in urologic disease; 2. To understand the growing epidemic of obesity.

9:00 **Cost Comparison of Ablative Therapies for BPH**  
- Gopal H. Badlani, MD  
Objectives: Identify the best therapy for BPH.

9:45 **Coffee Break**

10:15 **New Therapies of BPH (Benign Prostatic Hyperplasia)**  
- Steven A. Kaplan, MD  
Objectives: 1. Identify new treatment regimes for BPH; 2. Identify the impact of new technology in therapeutic management.

10:45 **Vaginal Mesh: Is the Use Justified?**  
- Gopal H. Badlani, MD  
Objectives: Identify the appropriate patient for vaginal mesh therapy and describe how to avoid complications with mesh use.

11:30 **Contemporary Highlights in Male Infertility Update**  
- Jared Bieniek, MD  
Objectives: 1. Be able to apply novel biomarkers in the
evaluation of natural fertility, differentiating azoospermia etiologies, and predicting success of assisted reproductive techniques. 2. Name currently available medical treatment options and understand their indications in male fertility patients. 3. Describe sperm retrieval techniques available to men with azoospermia or anejaculation.

12:10 Lunch - with Industry Friends in Wagon room

12:55 Business Meeting

1:05 MOC: Our Finest Hour Or A Bridge Too Far
- Kevin H. Loughlin, MD
Objectives: 1. To review how the Board uses a standardized, well-documented method to determine the minimum pass level which is felt to represent the minimum level of competence needed to practice urology. 2. Describe the process of exam and give examples of competency questions that have been given in the past. On average, approximately 87% of first-time takers pass the exam- learn the reasons why 13% failed.

1:45 Malpractice, Mal-occurrence and the Changing Environment
- Joyce Lagnese, JD
Objectives: To review the recent changes in the Connecticut medical liability environment.

2:00 Tax Update: Ambulatory Surgery Centers and Cosmetic Tax
- Lisa Winkler, Partner, Innovate & Organize; Wendy Kroll, JD
Objectives: 1. To identify various accounting methods for both surgery center tax and cosmetic tax. 2. To describe pass through tax methods medical offices can use to collect 6.35% tax from patients
2:30 Coffee, Tea and Refreshments

3:00 **Compliance Triggers in Medical Practices Part I**
- Helen Hadley, CEO VantagePoint
The presentation covers the variety of issues that may trigger compliance problems in medical practices. Policies & procedures often take a back seat to compliance. Why does this happen? What can be done to understand the triggers? This pragmatic discussion will enlighten those individuals responsible for compliance in medical practices.

**Objectives:**
1. Describe areas of risk commonly found in medical practices.
2. Discuss methods for uncovering compliance issues in medical practices.

4:15 **Certificates and Door Prizes**

This activity has been planned and implemented in accordance with the Essentials and Standards of the Connecticut State Medical Society through the joint sponsorship of CSEP and The Connecticut Urology Society. CSEP is accredited by the CSMS to provide continuing medical education for physicians.

CSEP designates this educational activity for a maximum of 6.0 AMA PRA Category I Credit(s)™ toward the AMA Physicians Recognition Award. Each physician should claim only those hours of credit that he/she spent in the activity.

Please note: No certificates will be handed out without completing and handing in the CME Evaluation Form suggested topics and speakers and outcome measurement questionnaire at the end of the program.

Thank you!

SPEAKERS

GOPAL H. BADLANI, M.D.

Dr. Badlani is currently professor of urology, vice chair for clinical affairs, and director of the Urogynecology Regenerative Medicine Program at Wake Forest Baptist Medical Center in Winston-Salem, NC. Dr. Badlani was president of the New York Section of the AUA, AUA secretary, and has served on numerous AUA committees, including the Bylaws, Section Secretaries and Annual Program committees. He is the former president of the Endourological Society and the Association of Indian Urologists in North America.

Dr. Badlani serves on the National Diabetes and Digestive and Kidney Diseases Advisory Council of the National Institutes of Health and has served on the boards of the International Volunteers in Urology, the National Kidney Foundation, and the Society for Urodynamics and Female Urology, to name a few. He has held numerous editorial appointments throughout his career. He was the managing Editor of Journal of Endourology and the Journal of Videourology, and is currently editor of the AUANews.

In 2013, Dr. Badlani was one of three physicians nation-wide selected to receive a Physician of the Year Award for Clinical Excellence from Castle Connolly Medical Ltd. The award recognizes physicians who exemplify excellence in clinical medical practice.
Dr. Badlani is a renowned expert in voiding dysfunction, specifically related to urinary incontinence, pelvic organ prolapse in women, male incontinence from prostate surgery and neurological disease. He has completed a number of trials for new minimally invasive treatments for benign prostate obstruction. He currently conducts research under two National Institutes of Health grants on identifying biomarkers for interstitial cystitis and using muscle precursor cells to treat incontinence in a non-human primate model.

Dr. Badlani completed his urological training at Long Island Jewish Medical Center in New York and a fellowship at Baylor University in 1983. He has been a member of the AUA since 1986.

HELEN HADLEY, CEO VANTAGEPOINT
Helen Hadley founded VantagePoint in 1994 with the objective of assisting private practices improve business operations. She currently directs multiple consultants and projects in a variety of healthcare organizations throughout the northeast. Over her 30-year career in healthcare, she has had experience in business management, practice management, revenue cycle management, HIPAA privacy and security, and consulting in private practice, hospitals, and other healthcare entities. As an active member of her team, Ms. Hadley helps clients with strategic planning, operational assessments, and negotiating to help them become more profitable.
She has made presentations on various healthcare management topics throughout the United States and has been published in management journals. She has authored a Security Policy Manual, developed a curriculum for Privacy Officer Training, and continues to help healthcare entities become HIPAA-compliant. Ms. Hadley is a graduate of Johnson & Wales University.

Steven A. Kaplan, M.D., FACS

Dr. Kaplan received a BS in biochemistry from CUNY - Brooklyn College in 1978 and graduated from Mount Sinai School of Medicine in 1982 and was elected to the AOA Honor Society. Dr. Kaplan’s postgraduate training included an internship and residency in the Department of Surgery at Mount Sinai Hospital as well as a residency in Urology at the Squier Urologic Clinic, Columbia University. He was an American Urologic Association Scholar between 1988 – 1990 that focused on identifying molecular markers and urodynamic parameters that herald bladder and prostate dysfunction. Dr. Kaplan was the Given Foundation Professor of Urology and Administrator, as well as Vice Chairman of the Department of Urology at Columbia University from 1998 – 2005. Currently, Dr. Kaplan is the E Darracott Vaughan Jr. Professor of Urology and Chief, Institute for Bladder and Prostate Health at Weill Cornell Medical College and Director, Iris Cantor Men’s Health Center at New York Presbyterian Hospital. He has been Fellowship Director for Female Urology and Voiding Dysfunction from 1995 -
2005 at Columbia and at Weill Cornell Medical College since 2005. He is a serial entrepreneur and a founder of Medidata Solutions Inc., a publicly held corporation and one of the premier electronic data capture companies in the world; Medivizor, Inc., a medical informatics enterprise; and, Eco – Fusion, a novel health care interface and social media platform.

Dr. Kaplan is a Diplomate of the American Board of Urology and a Fellow of the American College of Surgeons. He is a recognized authority on the study of benign diseases of the prostate, the association of metabolic factors and voiding dysfunction and female urology. He has published more than 880 articles, 170 abstracts, and has made over 340 presentations in more than 35 countries. He is the co-author of five books and is on the Editorial Board of Urology, Journal of Urology, and Urology Times.

Dr. Kaplan is a member of more than 30 professional organizations, been awarded 5 NIH grants and has received over 13 million dollars in research funding. He was awarded the John K. Lattimer Award for Lifetime Achievement in Urology by the National Kidney Foundation. Most recently, he chaired the NIDDK Prostate.

**Wendy L. Kroll, JD**

Wendy Kroll’s practice focuses on health care law including claims submission and payment issues for managed care, Medicare and Medicaid. She counsels health care providers and corporations on managed care contracting, reimbursement, government audits, false claims, Medicare and Medicaid regulations, fraud and abuse,
HIPAA, and other health care matters. Ms. Kroll was in-house counsel for a fortune 100 health care corporation overseeing claims submission and adjudication, government audits, Corporate Integrity Agreement compliance and provider contracting. Prior to law school, she held the position of President and Executive Director for managed care organizations.

Ms. Kroll received an award for Excellence in Clinical Work for a one year internship with the Office of the CT Attorney General’s Health Care Fraud, Insurance Advocacy and Whistleblower Unit. She has written papers on and testified before the CT Public Health Committee on the state action immunity doctrine allowing physicians to collectively negotiate managed care agreements and downstream risk arrangements in managed care contracting.

Ms. Kroll is admitted to practice law in New York. She received her J.D. and a Health Law Certificate from Quinnipiac University School of Law. She is a member of the American Health Lawyers Association, New York Bar Association and participates on the American Bar Association’s Breast Cancer Legal Advocacy Workshop Committee. Ms. Kroll provides pro bono legal services for patients denied medical benefits for breast cancer treatment and for the Susan B. Anthony Project.
Ms. Lagnese is one of the founding principals of the Hartford Law firm of Danaher-Lagnese, PC, where she serves as head of the Medical Malpractice Defense Unit. She is a high honors graduate from the State University of New York and obtained her law degree with honors in 1980 from Hofstra University School of Law. Her practice concentration is high exposure medical practice defense litigation. For over three decades, she has defended medical malpractice cases throughout Connecticut on behalf of physicians from every medical specialty, and has successfully tried to verdict a large number of medical malpractice cases including claims of wrongful death and permanent injury. Her practice also includes representation of medical practitioners and institutions in administrative proceedings before the Connecticut Department of Public Health.

Ms. Lagnese has been an invited lecturer and Keynote Speaker to various local and regional medical societies, physicians organizations and hospitals on medico-legal topics and is co-author of a textbook on Connecticut Medical Malpractice. She has also been an advocate in the Connecticut State Legislature for malpractice tort reform.
KEVIN H. LOUGHLIN, M.D.

Dr. Loughlin is director of urologic research at Brigham and Women’s Hospital and professor of surgery at Harvard Medical School. A graduate of New York Medical College, he completed his residency in surgery at New York University Medical Center and in urology at Brigham and Women’s Hospital. Dr. Loughlin is board certified in Urology. He has been identified as one of America’s Top Urology Doctors by Castle Connolly and was named a top urologist by Boston Magazine.

The author of over 190 clinical publications, Dr. Loughlin is currently conducting research focusing on bladder cancer, incontinence, minimally invasive surgery, prostate cancer and benign prostatic hypertrophy. His clinical specialties include: bladder cancer, prostate cancer, benign prostatic hypertrophy, incontinence, male infertility, and minimally invasive surgery.
DISCLOSURE POLICY
Connecticut Dermatology and Dermatologic Surgery Society (CDDSS) in joint sponsorship with CSEP adheres to all ACCME Essential Areas, Standards, and Policies. It is CDDSS policy that those who have influenced the content of a CME activity (e.g. planners, faculty, authors, reviewers and others) disclose all relevant financial relationships with commercial entities so that CDDSS may identify and resolve any conflicts of interest prior to the activity. These disclosures will be provided in the activity materials along with disclosure of any commercial support received for the activity. Additionally, faculty members have been instructed to disclose any limitations of data and unlabeled or investigational uses of products during their presentations.

ACGME COMPETENCIES
This course is designed to meet one or more of the following Accreditation Council of Graduate Medical Education competencies:

• Patient care
• Medical knowledge
• Practice-based learning and improvement
  Interpersonal and communication skills
Physicians Survey Form

Dear Member,

In an effort to establish procedures for identifying and analyzing the continuing medical educational needs and interests of our members, we ask that you take a moment to fill out this form and objectively identify potential speakers and educational topics that you are interested in having at the Connecticut Dermatology & Dermatologic Surgery Society (CDDSS) Semi-Annual Educational Meetings.

CDDSS will try to accommodate requests in an expeditious manner and communicate the purpose or objectives for each CME activity to our membership. Furthermore, the CDDSS shall design and implement educational activities consistent in content and method with the stated objectives and with applicable CME standards. Upon completion of each educational activity CDDSS will evaluate the effectiveness of its CME activities in meeting identified educational needs and objectives.

If you have any questions or comments regarding CME activities, please contact Debbie Osborn at 860-459-4377, by mail: PO Box 1079, Litchfield, CT 06759 or by email at debbieosborn36@yahoo.com
